

MARATHON NEWS

Gather as One in Marathon

DAILY DIARY UPDATE NO. 4 - April 8th

“For the past seven years I have worked hard with my fellow leaders to ensure that whenever we gather, as we are doing in Marathon this week, we gather to God Himself. My hope has been that God would shape us as a wider global community and that HE would be our MAIN SPEAKER. Today we gather to Him, longing that we will be deeply shaped and that what happens in the amphitheatre of the Golden Coast resort would send ripples to every person in our wider family.” *Steve Oliver*

- In the prayer meeting this morning, God called us into un-chartered territory. He knows the wind, waves and reefs; if we will follow him He will guide us through, like a pilot guiding a ship.

- We were reminded about Alexander the Great and his conquests into territories as yet unknown - he pioneered something new and God is calling us to invent and discover new methods of working.

Mark and Gary ready to welcome more guests to the Golden Coast resort today.

“My expectation of this special gathering is that as a Regions Beyond family we will strengthen our relationships across the nations, be envisioned by God and be encouraged in our various contexts” *Fusi Moekena*
